Welcome Message

On behalf of Messe Frankfurt (HK) Ltd and the Hong Kong Trade Development Council (HKTDC), we are very pleased to welcome you to the 11th edition of Eco Expo Asia. As the Expo moves into its second decade, our mission remains clear: to gather international policy-makers and green industry stake-holders to explore the latest global environmental innovations and the wealth of business opportunities offered by Asia's booming green economy.

Responding to the 2015 Paris Agreement, we have adopted "Green Solutions for a Changing Climate" as the theme for this year's Eco Expo Asia. This new focus helps draw more international attention to climate management solutions that will further assist governments and companies to achieve their sustainability goals.

More than 320 exhibitors from 19 countries and regions are attending the Expo this year, including new-comers from Israel and Scotland. For the first time, we see group participation by Austria, the Czech Republic and Scotland as well as the debut pavilion from Finland. This is a testimony to the fair's significance and growing profile among the global eco industry. Pavilions representing Canada, the Chinese mainland, Japan, Macau and Switzerland also return to provide a comprehensive display of green solutions now very much in demand.

The "Theme Day" concept continues to be an integral part of the Expo helping exhibitors and visitors reap the benefits of activities on each day of the fair. Daily topics featured this year are "Global Innovations for Climate Change", "Waste Management", "Sustainable Energies and Buildings", and "Green Living". In addition, policy-makers and industry professionals will offer their expert views on hot-button issues at various sessions of the premier Eco Asia Conference.

Other highlights include the inaugural Eco Home Tech Zone, showcasing the latest technologies to promote the "green home" as a lifestyle concept, and the upgraded Green Transportation Experience Zone where visitors can check out advanced electric vehicles, charging facilities and related solutions.

We would like to thank the HKSAR Government for its support, as well as all of our supporting organisations, exhibitors and visitors for moving forward with us into a greener, cleaner and more sustainable future.

We wish all participants a successful fair and engage in insightful discussions at Eco Expo Asia 2016!

歡迎辭

我們謹代表法蘭克福展覽（香港）有限公司及香港貿易發展局，歡迎各位蒞臨第11屆國際環保博覽。秉承十載佳績，博覽致力匯聚多國政府決策者及環保界相關人士，共同探討全球綠色技術的發展與創新，藉以開拓正值蓬勃發展的亞洲環保市場及其無限商機。

為響應於2015年獲得通過的《巴黎協定》，博覽今年以「環保方案 • 應對氣候變化」為主題，以喚起國際社會對氣候治理的關注，並協助政府及企業達到其可持續發展的目標。

博覽今年吸引超過320家來自19個國家及地區的參展商，迎來首次參展的以色列及蘇格蘭企業；芬蘭館及奧地利、捷克共和國和蘇格蘭展團亦閃亮登場，足以證明博覽對全球業界的重要性。另外，加拿大、中國內地、日本、澳門及瑞士展館亦再度回歸，為觀眾帶來全面的綠色方案，以滿足各地買家殷切的需求。

「環保專題日」載譽歸來，聚焦在「氣候變化激發環球新思維」、「廢物處理」、「可持續能源及建築」和「綠色生活」四大專題，協助參與者從各項活動中獲取與時俱進的行業資訊，與業內核心人物會面交流，發掘潛在客户。此外，備受業界推崇的亞洲環保會議廣邀政府官員及業界翹楚，就不同的熱門議題提供第一手的行業資訊及專業見解，讓與會者進行面對面的務實交流。

新增設的「綠色家居科技專區」以創新環保技術精心打造，向觀眾展現環保家居生活的理念；而升級的「綠色運輸體驗專區」則讓參觀人士親身體驗多款新型電動車、充電裝置及相關運輸方案。

在此，我們特別感謝香港特別行政區政府的鼎力支持，同時感謝各支持機構、參展商及觀眾，與我們攜手跨進另一個十年，共創一個更綠色的未來。

祝願各位在2016年國際環保博覽中滿載而歸！

The theme of this year's Eco Expo Asia is "Green Solutions for a Changing Climate". It underscores the important partnership between the business sector and policy-makers in the search for solutions to the challenges posed by climate change. With the positive outcome of the Paris Agreement, Hong Kong and the international communities must prepare to contribute more to combat climate change and reduce our carbon emission. Small changes in the world's climate can have dire consequences for our living conditions. We need to act fast and strive for the common goal of holding the increase in the global average temperature to well below 2 degrees Celsius above pre-industrial levels, and to achieve carbon neutrality by the second half of this century.

Being part of the international community, Hong Kong must contribute to the solutions. The Hong Kong Special Administrative Region (HKSAR) Government is committed to implementing a concrete action agenda to combat climate change. In November last year we launched the Hong Kong Climate Change Report 2015 which outlines the work and joint efforts of the HKSAR Government and the key private-sector stakeholders in responding to climate change. In addition, a Steering Committee on Climate Change (SCCC) comprising all policy bureaux and chaired by the Chief Secretary for Administration was established per the 2016 Policy Address to steer and coordinate the actions of various Bureaux and Departments (B&Ds) on combating climate change.

The search for solutions to climate change problems will spawn new business opportunities. Technological advancements and their commercialization offer many promising solutions to the reduction of greenhouse gas emissions, from green building, energy efficiency, green transportation, to turning waste into energy. As Hong Kong and its neighboring cities strive to become the greenest region of China under the vision of developing the Guangdong-Hong Kong-Macao Big Bay Area, the providers of such solutions will find ample opportunities in partnering with businesses and local governments as they transform into a low carbon mode of development.

This year's Expo offers a good array of advanced solutions and technologies to mitigate climate change impacts. I am sure both participating enterprises and visitors to this fair would find this a very rewarding experience in exploring green business opportunities and networking with fellow green-minded entrepreneurs and decision-makers.

今屆國際環保博覽以「環保方案 • 應對氣候變化」為主題，強調在應對氣候變化帶來的挑戰時，商界與政策制訂者之間的重要夥伴關係。隨着《巴黎協定》取得正面成果，香港和國際社會必須更積極應對氣候變化，減少碳排放。世界氣候的細微變化，也可能嚴重影響我們的生活環境。我們須迅速行動，致力達到把全球平均溫度升幅控制在工業化前水平以上低於攝氏2度之內及在本世紀下半葉達到碳中和的共同目標。

香港作為國際社會的一分子，有必要為解決氣候問題出一分力。香港特別行政區(香港特區)政府一直致力落實應對氣候變化的具體行動綱領。去年11月，我們發表《香港氣候變化報告2015》，當中概述香港特區政府和私營機構主要持份者在應對氣候變化方面的工作和共同努力。此外，根據2016年《施政報告》的建議，特區政府已成立氣候變化督導委員會，成員包括所有決策局，由政務司司長擔任主席，負責督導及統籌各決策局和部門的行動，以應對氣候變化。

尋求氣候變化應對方案的過程，會衍生出新的商機。科技發展及將科技商業化的活動，在環保建築、能源效益、環保交通，以至轉廢為能等方面，都帶來無數具潛力可減少溫室氣體排放的方案。在發展粵港澳大灣區的願景下，香港及鄰近城市均致力成為中國最環保的地區，在轉型至低碳發展模式的過程中將出現很多與商界及地區政府協作的機會。

今屆博覽展示了一系列緩減氣候變化影響的先進應對方案和科技。相信這次博覽有助參加者探索環保商機，以及聯繫其他秉持環保理念的企業家和決策者，參與的企業和訪客必定收穫甚豐，滿載而歸。
