Welcome Message

On behalf of Messe Frankfurt (HK) Ltd and the Hong Kong Trade Development Council (HKTDC), we are very pleased to welcome you to the 12th edition of Eco Expo Asia.

Having matured into its second decade, the expo's mission to gather international policy-makers and green industry stakeholders remains strong. As Asia continues to realise the importance of sustainability while striving for economic growth, Eco Expo Asia not only presents the latest green innovations, it also serves as the marketplace that assists governments and companies to achieve their green goals.

Embracing a theme of "Innovative Solutions for Greener Cities", some 340 exhibitors from 19 countries and regions are here. For the first time we see debut group participations from the German State of Bavaria and Italy, while Canada and the Netherlands have organised their largest pavilions to date. Demonstrating the global reach of the expo, pavilions and group participation from Europe, Japan, Korea and Switzerland are also present to showcase a diverse array of green solutions.

Designated as one of the HKSAR Government's 20th Anniversary celebration events, the expo has a strong presence from Chinese participants with regions including Foshan, Guangdong, Guangzhou, Macao, Shanghai and Shenzhen. All these regions are eager to form closer ties with international environmental organisations.

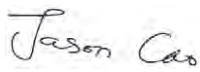

The "Theme Day" concept returns once again to address ongoing concerns in the environmental protection industry; the four themes are "Global Climate-Ready Actions", "Waste and Water Management", "Sustainable Energies and Buildings" and "Green Living". Each day is complemented by seminars and panel discussions at the Eco Asia Conference as well as public day forums which are all delivered by prominent experts and policy-makers in green-tech development from around the world.

This year marks the launch of the Startup Zone – a useful platform for new green-tech ventures to find potential buyers, investors and business partners. The zone provides a unique opportunity for the innovative startups to obtain a chance of global exposure. The well-received Green Transportation Zone returns once again to spotlight advanced electric vehicles, charging facilities and related solutions.

We are grateful to the Environment Bureau of the HKSAR Government for its continued support of Eco Expo Asia. We would also like to thank all our supporting organisations, exhibitors and visitors for joining us as we move towards a greener, cleaner and more sustainable future.

歡迎辭

我們謹代表法蘭克福展覽(香港)有限公司及香港貿易發展局，歡迎各位蒞臨第12屆國際環保博覽。

一如以往，博覽致力滙聚國際環保決策者及業界人士。隨著亞洲經濟迅速增長，各界意識到可持續發展的重要性。國際環保博覽展示行業創新綠色技術的同時，也協助政府和企業深化交流和合作，實現環保目標。

本屆博覽以「創新環保方案·構建綠色城市」為主題，吸引接近340家來自19個國家及地區的參展商，包括首次參展的德國巴伐利亞和意大利展團；加拿大及荷蘭亦組織歷屆規模最大的展館。另外，歐洲、日本、韓國和瑞士館也同時亮相，展示了國際化的視野，也為買家帶來多元化的綠色機遇。

作為香港特別行政區政府成立二十周年慶典活動之一，今年博覽迎來更多中國內地的省市組團參展，包括來自佛山、廣東、廣州、澳門、上海、深圳等地區，憑藉博覽與國際環保企業及組織建立更緊密的商貿聯繫。

「環保專題日」分別聚焦「氣候變化·全球行動」、「廢物處理及水資源管理」、「可持續能源及建築」及「綠色生活」四大專題，舉辦一系列配合專題的研討會及座談會，讓與會者緊貼最新環保科技的發展。當中備受業界推崇的亞洲環保會議更廣邀政府官員、世界各地的知名專家及決策者就熱門議題發表真知灼見，促進業界交流。

新增設的「初創專區」為從事環保項目的初創企業提供了一個物色買家、投資者和尋找商業夥伴的機會，同時將其創新技術推至更廣的層面，為博覽帶來一番新氣象。廣受歡迎的「綠色運輸專區」載譽歸來，繼續緊貼市場，讓參觀人士親身體驗多款新型電動車、充電裝置及相關解決方案。

在此，我們要感謝香港特別行政區政府環境局的鼎力支持，同時感謝各支持機構、參展商及參觀人士，與我們攜手邁向可持續發展的未來。

The Eco Expo Asia has been an important yearly event in the calendar for Hong Kong's environmental protection. This year's Eco Expo Asia is particularly so as it is one of the major programmes to commemorate the 20th anniversary of the establishment of the Hong Kong Administrative Region (HKSAR). The theme of this year's Eco Expo Asia is "Innovative Solutions for Greener Cities". To be in line with the main theme of the 20th anniversary which is "Together • Progress • Opportunity", Eco Expo Asia 2017 will continue to serve as one of the best international platforms for various stakeholders to work together, to achieve progress and to seize opportunities in protecting the environment.

Hong Kong is a compact yet special city. It supports a resident population of over 7 million in densely urbanised areas occupying only about 20 to 25 per cent of our total area; while country parks are not far away and are within easy reach from the city areas. To make Hong Kong a greener city, the Government has implemented a comprehensive plan of action under five blueprints – Clean Air, Sustainable Use of Resources, Energy Saving, Climate Action and Biodiversity. These blueprints set the targets, mark the milestones, and outline the strategies for a more sustainable environment.

Owing to Hong Kong's close proximity to the Guangdong Province, regional cooperation clearly plays a key role in environmental protection. Our regional cooperation encompasses cleaner production, improvement of air quality, control of water quality and waste management, etc. Moreover, as Hong Kong and its neighbouring cities strive to become the greenest region of China under the vision of developing the Guangdong-Hong Kong-Macao Bay Area, we will continue to work hand in hand with the other two governments to achieve a quality living circle and to build a green environment for cities within the Bay Area.

This year's Expo offers a good array of innovation and advanced solutions and technologies for developing greener cities. Recent innovative applications in Hong Kong include T-PARK, WEEE-PARK and O-PARK which represent state-of-the-art facilities turning sewage sludge into energy, e-waste into resources, and food waste into electricity and compost respectively. It will also be the first time for the Expo to have an exhibition on green ferry which, I believe, would become a hot topic in the near future. I am sure participating enterprises and visitors would find the Expo a very useful forum to explore green business opportunities, in particular the fast growing green markets in China, and network with green-minded entrepreneurs and decision-makers.

國際環保博覽是香港環保業界當中一項年度重點活動，今年博覽更是香港特別行政區政府成立二十周年慶典活動之一。今屆博覽以「創新環保方案•構建綠色城市」為主題，繼續為各持份者締造絕佳的國際平台，促進合作、抓緊機遇向環保目標邁進，這正好呼應特區政府二十周年之慶祝主題——「同心創前路，掌握新機遇」。

香港是一個密集且獨特的城市。緊湊的市區用地只佔全港土地總面積約百分之二十至二十五，為700多萬人口提供安居之所；而郊野公園距離市區亦可謂咫尺之遙。為了使香港成為一個更環保的城市，政府正執行各個環保範疇的藍圖，致力落實包括改善空氣質素、廢物管理、都市節能、生物多樣性及應對氣候變化等五方面的行動計劃。這些藍圖制定了明確目標，標誌著里程碑，並勾畫出更可持續發展的環保策略。

由於香港與廣東省非常接近，區域合作顯然在環保方面發揮關鍵作用。我們的合作範疇包括清潔生產、空氣質量改善、水質控制及廢物管理等。此外，在粵港澳大灣區發展的願景下，香港與鄰近的城市力爭成為區內最環保的地區，我們將繼續與其他兩地政府攜手合作，實現優質生活圈，為灣區內的城市打造綠色環境。

今年博覽展示一系列創新和先進的環保方案和技術。最近在香港創新的應用包括T•PARK、WEEE•PARK及O•PARK，這些先進的設施分別將污水污泥轉化為能源、將電子廢物轉化為再生物料，以及將廚餘轉化為電力和堆肥。這次博覽首次展出綠色渡輪，相信在不久的將來會成為熱門話題。深信國際環保博覽有助參加者探索環保商機，以及聯繫其他秉持環保理念的企業家和決策者，參與的企業和訪客必定滿載而歸。
